Van Nuys Campus

15400 Sherman Way
Suite 201
Van Nuys, CA 91406
(747) 200-4567

The BSN Program provides clinical experience during the nursing core semesters to immerse students in multiple nursing facets: medical-surgical, maternal and newborn, pediatric, mental health, leadership, and public health.

The program curriculum provides students with the technical, clinical, and interpersonal skills necessary to succeed in this field.

Campuses conduct courses in classrooms equipped with audiovisual teaching aids, anatomical charts, and models.

Our Simulation Learning Center (SLC) is designed to look like a hospital. **Each bay in the center represents a unit in a hospital** such as a labor & delivery suite, pediatric suite, and med-surg unit.

We are Accredited & Approved

- Institutionally accredited by the Accrediting Bureau of Health Education Schools. **
- Approved to operate by the California Bureau for Private Postsecondary Education. ***
