The RN to BSN pathway

consists of academic training and a clinical component correlating with theoretical knowledge. There are two clinical courses: Community Health Nursing Clinical and Leadership/Management in Nursing Clinical.

Program curriculum

provides students with the technical, clinical, and interpersonal skills necessary to succeed in this field.

Emphasis will be placed on evidence-based practice and critical thinking skills to administer safe and effective care to patients from diverse, multicultural communities across the life span.

We are Accredited & Approved

- Institutionally accredited by the Accrediting Bureau of Health Education Schools.*
- Approved to operate by the California Bureau for Private Postsecondary Education.**
